

Avoid coronavirus

- Follow the good advice from the Danish Health Authority, look at www.sst.dk/en/English
- If you are ill, stay at home
- Make sure to have good hand hygiene and wash your hands often with water and soap. Use onetime paper towels
- Use hand sanitizer often on clean and dry hands.
- Be aware of good and thorough cleaning
- Hand tools must be protected against infection
- Keep distance to each other, also in the elevators. Have patience and show consideration.
- Avoid handshakes and restrict physical contact
- Attempt as far as possible to work together with the same people
- Avoid being too many people together at the same time.
- Only have your breaks with your close colleagues and keep a proper distance.
- Clean up after every break and wipe the table after use
- Spread out when walking around the building site and use all access roads to the site

Wash your hands frequently or use an alcohol-based hand rub

Cough or sneeze into your sleeve

Limit physical contact

Be diligent with cleaning

If you are older or have a chronic illness, avoid crowds of people and advise others to be aware of your condition
